

## DIVERSION BY DONATION PROGRAM

The Baltimore Convention Center cares about the environment and the local Baltimore community. Please help us towards increasing our waste diversion by donating specific leftover items to local organizations.

The BCC works with several local non-profit organizations that could benefit by receiving the items listed below. BCC staff will collect this material and distribute it to non-profits.

### The following may be donated:

- Lumber, Brick Pavers, Planters
- Promotional items like pens, pencils, pads of paper, clothing, lanyards, tote bags
- Exhibit booth furnishings, such as tables, chairs, and display cases, light fixtures etc.
- Toys, sports equipment, safety items etc.

### Have something that you'd like to donate?

Send an e-mail with an item description and photo (if possible), along with your booth number, to [donation@bccenter.org](mailto:donation@bccenter.org).

What you have isn't listed? Send us an e-mail and we will try to match your items with a local organization.

### Donating Logs or Tree Trunks?

TCI is collecting logs for donation to Baltimore Tree Trust. A list is being compiled in the Exhibitor Lounge of contributing booths. Please have your booth number added to the list for your donation to be accounted for. Thank you!

### Some organizations we work with:

Are you donating items to another organization on your own? Please send photos or a list of items to [donation@bccenter.org](mailto:donation@bccenter.org) so that we may track it in our diversion numbers!
